# Malaysia urged to continuously update laws to tackle cyber threats

Communications and Digital Minister Fahmi Fadzil has stressed the need for Malaysia to continually evaluate its laws and regulations to combat the growing challenges of cyber threats and risks effectively.

Speaking at the Opening Ceremony Official Programme for Cyber Digital Services, Defence & Security Asia 2023 (Cyber DSA) held at the Kuala Lumpur Convention Centre, Fahmi highlighted the evolving landscape of cyber threats and their potential impacts on individuals, businesses, and nations.

Fahmi highlighted the theme of Cyber DSA, 'Advancing Digitalisation and Security Through Collaboration,' stressing the significance of collective action in response to rapidly evolving cyber threats.
