Cyber DSA 2023, the future of digital threat defense

Cyber DSA 2023 is the beginning of a spectacular journey towards a future in which cybersecurity acts as an invincible bulwark against digital threats, says Aerosea Exhibitions chairman Tan Sri Asmat Kamaludin.

He added that the Cyber DSA 2023 aspires to be an innovation platform where creative minds can exchange insights, generate innovative ideas, and inspire dramatic change for a better future.

"I feel we are off to a good start with Cyber DSA 2023. Over 5,000 professionals, policymakers, and stakeholders have come here today, with more than 100 exhibitors displaying cutting-edge solutions and a variety of programmes targeted at knowledge sharing and forging alliances," he added.
